OBJECTIVE

I am a final semester student with Information System major at STMIK Profesional Makassar, seeking the opportunity to improve my knowledge and skills to make a contribution in your organization or company and learning as main purpose to become a better individual. I strongly have excellent communication skills, leadership skills, and responsibility which have helped me to become a Professional Esports Player in 2022 and also a Coach in an esports Team, and all of that can happen because I have high self-confidence and love to improve myself and learn other new experiences. Moreover, I can establish and maintain effective working relationships with employees, team leads, supervisors, and organizations, either working as a team or as individual.
